
WINDSHIELD HEIGHT ADJUSTMENT SWITCH (ST1300A)

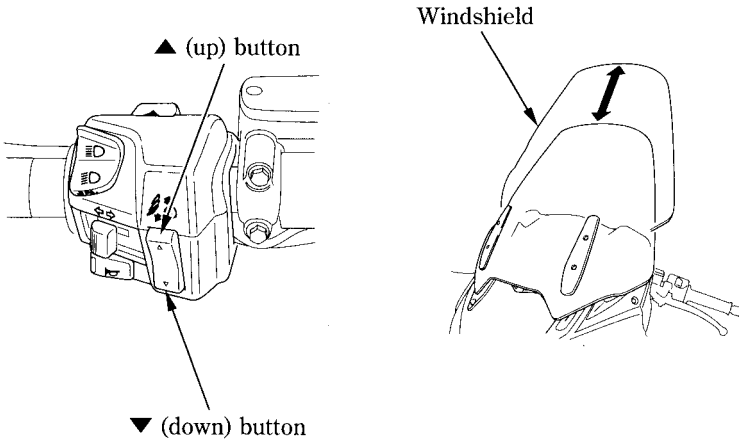

The maximum amount of height adjustment is about 190 mm (7.4 in). Adjust the height with the adjusting buttons according to your preference as described below.

To Adjust the Height of the Windshield

1. Turn the ignition switch ON.

To raise the windshield:
push the ▲ (up) button.

To lower the windshield:
push the ▼ (down) button.

The windshield will be raised or lowered while the adjusting buttons are kept depressed.

When you lower a windshield, please check surrounding safety and operate it.
